

2009 Impact Highlights

At CancerFree KIDS we work very hard every day to be good stewards of our supporters' contributions. We are proud of the fact that we have been able to keep administrative/overhead expenses under 10% since our inception. Our goal is to put every cent possible into funding life-saving cancer research, while maintaining a viable and sustainable organization for the future. In our first 7 years of existence, we have funded more than \$800,000 in cancer research...and we are just getting started. We will not rest until every child has the promise of a future that is cancer-free.
