

Imagine... a world without childhood cancer.

This is what we work toward everyday.

The mission of CancerFree KIDS is to eradicate cancer as a life-threatening disease in children by funding promising research that might otherwise go unfunded.

DID YOU KNOW?

- More U.S. children die of cancer than any other disease.
- On average, one in five children diagnosed with cancer will die. And yet...
- Of all federal funding spent on cancer - less than 2% goes to childhood cancer.
- One in every 300 Americans will be diagnosed with cancer before the age of 20.
- The median age of a child with cancer is 6 years old.

**Curing childhood cancer is
no longer 'THE IMPOSSIBLE DREAM'**

It is simply a matter of money to pay for expensive life-saving research.

CancerFree KIDS

...Working Together Until All Kids are Cancer-Free!

This is an exciting time in cancer research. According to the Director of the National Cancer Institute, **"WE CAN NOW SAY WITH CERTAINTY WE KNOW THE ROAD TO TAKE, THE ONLY QUESTION IS THE SPEED AT WHICH WE PROCEED ALONG THAT ROAD."**

It is simply a matter of money.

WHY SUPPORT CANCERFREE KIDS?

The mission of CancerFree KIDS is to eradicate cancer as a life-threatening disease in children by funding promising research that might otherwise go unfunded. To date, CancerFree KIDS has directed all research dollars to researchers at Cincinnati Children's Hospital – which ranks in the top 5 research hospitals in the world! CancerFree KIDS provides the seed money for doctors to begin their work on a specific research project – focusing on new, innovative ideas. Using these grant funds, researchers are able to get the preliminary data that is essential to obtaining additional funding from other sources in the future. This enables their research to continue and develop, leveraging CancerFree KIDS' initial investment many times over.

“You have not seen courage until you’ve seen a child with cancer.”

Reward their **COURAGE** by giving them hope for a cure.

*We invite you to be part of the alliance to make a real difference for kids with cancer.
Become a Partner of CancerFree KIDS!*

CORPORATE PARTNERSHIPS

At CancerFree Kids, we are in the ‘business’ of providing much needed research dollars in the fight to find a cure for childhood cancer. As a ‘corporate partner’, companies are making an investment in the future of our community and most importantly in the lives of our children.

WHY BECOME A CFK CORPORATE PARTNER?

- Philanthropic and other social responsibility opportunities.
- Exciting and Effective Marketing and Public Relations benefits!
- Partnering with a rapidly growing organization, committed to a wonderful cause!
- Networking with other CFK Partners!
- Supporting an organization committed to local cancer research for children!
- Partnering with CFK is good for business!

PARTNERSHIP OPPORTUNITIES INCLUDE:

- Matching Gifts to CFK
- Grant Funding
- Special Event and Gold Level Sponsorships
- Collaborative Programs
- Employee Volunteer Opportunities
- Donations of money or professional services
